# SAKAE SUSHI

Have you ever wished dining on quality Japanese food could be less painful on your wallet? Wishes come true at Sakae Sushi. It started as one man's overindulgence for Japanese cuisine. However, he and his wife could not bear watching the bills skyrocket. Unwilling to give up this love, and so like people could indulge in the same, he started a Japanese restaurant serving quality, value-for-money Japanese food. Sakae Sushi was born in 1997.

Savour Sushi delights as Hana Maki (Salmon), Tempura Cheese Crepe, Unagi Roll and Salmon Cheese, or if you prefer to go riceless, opt for

the Special Sashimi Prime. For those who like meals cooked, how about the Yakimomo grills of scallop, chicken, sotong and fish or the ever agreeable Teppanyaki Ala Carte?

Expect good taste and good value for your money! And if time is of the essence, make your orders immediately via a computerized system!
